MKU's Mission

Montessori Kids Universe strives to provide a high- quality Montessori school that promotes and enhances each child's development while assuring our parent's peace of mind in the care and services we render. Our mission is to provide a safe, nurturing and developmentally appropriate program which fosters learning and support for the whole child.

Summer Curriculum

"A look into the world of art"

Our summer program will include the Montessori and Reggio philosophy and will focus on 'taking a look into the world of art'. This summer program will focus on different artists and their style of art as well as creating a different famous piece of art work from that artist each week. The children will also learn about different countries that the different artists are from. We will start the summer by introducing the basics of art such as the color wheel, how to mix colors, explore different types of mediums (for ex: water colors, oil pastels, mosaics, etc). We will then go into depth about each artist, their style of art and the different countries.

Don't forget to check out our enrichment programs this summer!! Soccer Shots, Jaimie's Palette and Move and Groove Cardio Blast.
