

FOR IMMEDIATE RELEASE

Montessori Kids Universe Sugar Land Receives 2017 Best of Sugar Land Award

SUGAR LAND July 12, 2017 -- Montessori Kids Universe Sugar Land has been selected for the 2017 Best of Sugar Land Award in the Montessori School category by the Sugar Land Award Program.

Each year, the Sugar Land Award Program identifies companies that have achieved exceptional marketing success in their local community and business category. These local companies enhance the positive image of small business through service to their customers and the community.

Montessori Kids Universe opened in November, 2016, under the leadership of Dr. Rebecca Deurlein, a veteran educator, parenting author, and speaker. The school immediately became involved in the community through the Chamber of Commerce and Sugar Land-sponsored community events, as well as support of charitable organizations such as Child Advocates of Fort Bend. The school's marketing strategy, coupled with positive parent testimonials and a highly professional staff now led by Brooke Khawaja, brought great growth to the school's year-round program.

"The impact this school has had on our son is just extraordinary," said parent Megan Boler. "He was the first student to walk through the door and we have never seen him happier. The teachers, the director, the environment, the true Montessori emphasis - all of it has created the best possible school for our son."

The Sugar Land Award Program is an annual awards program honoring the achievements and accomplishments of local businesses throughout the Sugar Land area. Recognition is given to those companies that have shown the ability to use their best practices and implemented programs to generate competitive advantages and long-term value.

Montessori Kids Universe is located at 2600 Cordes Drive, off Lexington. For more information about their programs and registration, visit www.MontessoriKidsSugarland.com.
