

## **Sugar Land's Award Winning Montessori School- Montessori Kids Universe**

**Montessori Kids Universe Sugar Land has been selected for the 2017 Best of Sugar Land Award in the Montessori School category by the Sugar Land Award Program.**

Each year, the Sugar Land Award Program identifies companies that have achieved exceptional marketing success in their local community and business category. These local companies enhance the positive image of small business through service to their customers and the community. The Sugar Land Award Program is an annual awards program honoring the achievements and accomplishments of local businesses throughout the Sugar Land area. Recognition is given to those companies that have shown the ability to use their best practices and implemented programs to generate competitive advantages and long-term value.

Montessori Kids Universe opened in November 2016, under the leadership of Dr. Rebecca Deurlein, a veteran educator, parenting author, and speaker. The school immediately became involved in the community through the Chamber of Commerce and Sugar Land-sponsored community events, as well as support of charitable organizations such as Child Advocates of Fort Bend. The school's marketing strategy, coupled with countless positive parent testimonials and a highly professional staff were factors in the selection of our school. The School has hosted beautiful and exciting events such as the Fall Festival and a magical Holiday Gala at the Sweetwater Country Club where the Pre-Primary and Primary class children performed and sang for the parents. The school has implemented an admissions policy put in place by the Director of Admissions Ms. Darla Fanta. The families and children are carefully selected by the school administrative department to ensure each child will be a good fit for the Montessori method and will academically thrive in this environment. Parameters are out in place to make sure each child receives the highest level of personal care and a well-rounded academic education.

"The impact this school has had on our son is just extraordinary," said parent Megan Boler. "He was the first student to walk through the door and we have never seen him happier. The teachers, the Head of School, the environment, the true Montessori emphasis - all of it has created the best possible school for our son."
