Ask your kids about...

Our Reggio Emilia program for October focuses on the weather. Our children hear so much – especially during the Hurricane season – that can be confusing and fearful. This unit of study will alleviate fear of the unknown by teaching weather concepts through fun and engaging activities. Topics include:

- Weather sensory bottles
- Building a cloud
- Creating a water cycle in a bag
- Constructing a rainmaker
- Making a tornado in a jar
- Singing a rainbow song
- Water drop racer engineering challenge
- Studying Vincent Van Gogh
- Rain cloud craft

Congratulations!

Our little ones are growing up before our eyes. Happy birthday to:

Yuiko N. James M.
Yeriel G. Jaina R.
 Jacob C.

Reminder: Birthdays are a great time to get caught up on immunizations. Be sure to give us an updated immunization record!

Enter this classroom and you will be blown away by the environment: students working independently or engaged in group study, and a quiet, peaceful classroom. Thank you, Ms. Yaneth!

Remember to dress your kids in their school uniforms every day!

We have the cutest kids on the planet here at MKU, and their adorableness shines through in their MKU uniforms. Please remember that all children from Pre-Primary through Primary are expected to be in uniform every day. Our uniforms are cost effective and can be purchased online at:
